## Ministry of Ayush Government of India

The Ministry of Ayush was formed on the 9th of November 2014 with a vision of reviving the profound knowledge of our ancient systems of medicine and ensuring the optimal development and propagation of the Ayush systems of healthcare. Earlier, the Department of Indian System of Medicine and Homoeopathy (ISM&H) formed in 1995, was responsible for the development of these systems. It was then renamed as the Department of Ayurveda, Yoga, and Naturopathy, Unani, Siddha and Homoeopathy (Ayush) in November 2003 with focused attention towards education and research in Ayurveda, Yoga and Naturopathy, Unani, Siddha, and Homoeopathy.

**AYUSH Export Promotion Council**

AYUSHEXCIL ( Ayush Export Promotion Council ), newly formed Export Promotion Council [set up by Ministry of Ayush and supported by Ministry of Commerce, GOI], Launched at Global Ayush Investment and Innovation Summit held in Gandhinagar, Gujarat on April 20, 2022, Prime Minister Sh. Narendra Modi had officially launched the Ayush Export Promotion Council (AYUSHEXCIL), It is aimed to oversee exports of products of Ayurveda, Homoeopathy, Siddha, Sowa Rigpa and Unani systems and address trade issues pertaining to these sectors, to facilitate capacity building of its members on export procedures, organize B to B meetings, international events, roadshows, seminars and workshops on the export of Ayush products, and to safeguard the scientific research in the field of Ayush healthcare.

Established in 1927, Federation of Indian Chambers of Commerce and Industry (FICCI) is the largest and oldest apex business organisation in India. Mahatma Gandhi addressed FICCI's 4th AGM in 1931. Our 96th AGM was held in December 2023. With our rich legacy, FICCI would play an even greater role as India emergence as the 3rd largest economy.

FICCI works with its key stakeholders to foster active engagement and dialogue with decision makers, to support steps that are good for commerce and industry.

As a member-led and member-driven organisation, FICCI represents over 2,50,000 companies across all segments of economy including public, private and multinationals. The diverse membership base of FICCI across all Indian states includes both direct and indirect members through its 300 affiliated regional and state level industry associations. FICCI has a large international presence via partner agreements with 250 national business associations in over 100 countries.

### Product Profile

We have always been fascinated by products, technology or any idea that has the ability to improve human as well as animal lives or contribute towards planet conservation. And it is not every day that you come across something that has the potential to achieve all of it. While on a trip to the US in 2017, we came across many products made out of a single plant that were increasingly becoming popular in West and Europe due to its unmatched health, medicinal and economic benefits. The plant, one of the species of Cannabis Sativa, called the HEMP is indeed truly a Gift of Nature that had been hidden in plain sight until recently. And although coming from the same family as Marijuana it had completely different properties and thousands of applications. From being one of the fastest growing plants on the planet and amazing health and medical benefits it can provide, along with generating employment and set up new eco-friendly industries.
